Certain of the statements in this announcement or (and any related oral statements) may be considered forward-looking statements.

This announcement (including information incorporated by reference in this announcement), oral statements made regarding the Buy-Out Transaction, information accessed through <https://catcobuyout.alixpartners.com> and other information published by MCIM and the Funds contain statements which are, or may be deemed to be, “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995.

Forward-looking statements are prospective in nature and are not based on historical facts, but rather on current expectations and projections of the management of MCIM and the Funds about future events, and are therefore subject to risks and uncertainties which could cause actual results to differ materially from the future results expressed or implied by the forward-looking statements. The forward-looking statements contained in this announcement include statements relating to the expected effects of the Buy-Out Transaction, the expected timing and scope of the Buy-Out Transaction and other statements other than historical facts. Often, but not always, forward-looking statements can be identified by the use of forward-looking words such as “plans”, “expects” or “does not expect”, “is expected”, “is subject to”, “budget”, “projects”, “strategy”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates” or “does not anticipate”, or “believes”, or variations of such words and phrases or statements that certain actions, events or results “may”, “could”, “should”, “would”, “might” or “will” be taken, occur or be achieved. Although MCIM and the Funds believe that the expectations reflected in such forward-looking statements are reasonable, they can give no assurance that such expectations will prove to be correct. By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future.

There are a number of factors that could cause actual results and developments to differ materially from those expressed or implied by such forward-looking statements. These factors include, but are not limited to: the ability to complete the Buy-Out Transaction; the ability to obtain requisite regulatory and other required approvals and the satisfaction of other conditions on the proposed terms and schedule; as future market conditions, changes in general economic and business conditions, the behaviour of other market participants, the anticipated benefits from the proposed transaction not being realised as a result of changes in general economic and market conditions in the countries in which the Funds operate, weak, volatile or illiquid capital and/or credit markets, changes in tax rates, interest rate and currency value fluctuations, the degree of competition in the geographic and business areas in which the Funds operate and changes in laws or in supervisory expectations or requirements.

Other unknown or unpredictable factors could cause actual results to differ materially from those in the forward-looking statements. Such forward-looking statements should therefore be construed in the light of such factors. Neither MCIM nor the Funds, nor any of their respective associates or directors, officers or advisers, provides any representation, assurance or guarantee that the occurrence of the events expressed or implied in any forward-looking statements in this announcement will actually occur. You are cautioned not to place any reliance on these forward-looking statements. Other than in accordance with their legal or regulatory obligations, neither MCIM nor the Funds is under any obligation, and they expressly disclaim any intention or obligation, to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. This announcement speaks only as of the date issued.
